

Edge Evolution Hair Studio & Spa

1300 Bank Street, Suite 110 • 410-327-3343

Roots: At Edge Evolution, you'll not only love how you look, but you'll feel enlightened from the profusion of pink lotuses and New Age aphorisms written on the walls: To wit: "In Buddhism, the lotus's life is a symbolic representation of the evolution of the soul." And that's just the reception area. The rest of this hipster salon is just as Zen, with recycled bamboo flooring and a rotating collection of local art.

Services: A menu with lots of great options, including biweekly men's cuts, nail repair, and hydrating/moisturizing hair treatments.

Standout Staffer: Katie Yurow, who specializes in micro-bead extensions, is a great go-to stylist if you want to add instant length to your hair.

Salon Buzz: "[Owner] Suzette Pretty is the best hair stylist and colorist I've encountered," says Fells Point resident Cindy Plackmeyer. "Talented and caring—everyone at the salon possesses these two traits."

Crowning Glory: With an easy-to-navigate website, clients can book their own appointments.
